

Consulting Quest Recognized By the Procurement Leaders World Procurement Awards 2018

New York, NY. Consulting Quest, the leading global performance-driven Consulting Platform, today announced it has been chosen as a finalist by the **World Procurement Awards 2018** in the Best New Consultancy Project Award category.

The World Procurement Awards, in association with SAP Ariba, are the most celebrated and sought-after awards in procurement, representing the best projects, people and organizations across the world. They reward the collective efforts of individuals and teams and are an affirmation of the hard work, innovation and dedication of those at the forefront of this dynamic global profession.

This year saw a record number of entries from some of the most influential companies across 36 countries for the 12th annual awards. Panels of experts including CPOs and experts from Bayer, Danske Bank, Mondelēz International, Adidas Group, Mars, Walgreens Boots Alliance, Kellogg and Singtel came together for the second phase of judging in London and Denver to debate submissions and decide the winners of each category. The judges were impressed with the sheer quality of this year's submissions, commenting that the bar had once again been raised, with innovation at the heart of each project as teams across the globe work hard to position themselves as valuable business partners.

Helene Laffitte, CEO at Consulting Quest commented, "Making the shortlist of the prestigious Procurement Leaders Awards is a great achievement for our dedicated team at Consulting Quest and an honor to be listed with such illustrious company. To have an opportunity to potentially win an award of this magnitude only encourages us to push further towards disrupting the status quo in consulting procurement solutions."

The winners will be announced at a prestigious awards ceremony on May 17th, 2018 at the Intercontinental London, The O2. The ceremony will bring together over 850 senior procurement professionals to celebrate their achievements and rub shoulders with the industry's elite.
